Brett Bray, County Judge
Blanco County
101 East Pecan St.
Johnson City, TX 78636

RE: Architectural Services / Blanco County Building Construction & Site Development

Judge Bray:

I am submitting our statement of qualification with the sincere interest in working with Blanco County on your Building Construction & Site Development Project. In the 35 years that we have been in business most of our clients have been public entities like Blanco County. Our business approach has evolved around the same beliefs that most of our clients share... **to provide sound building solutions that respect a community's values & resources.** We are team players as both an advocate for our client & a collaborator with the construction team. In response to your RFQ's specific questions:

(1) I have worked on numerous public buildings in Blanco County, including the County Annex, JCISD High School & Stadium, Blanco HS & Elementary, & the library in Johnson City. Please see my resume following for more information.

- (a) I have been a Texas licensed architect since 1984 (#10244) & interior designer since 1993 (#3897).
- (b) I have been involved in the design of several hundred public buildings since 1980 (37 years).
- (c) Please see a comprehensive list of project experience following.

(2) Please see a list of governmental references following, but especially Kathy Strickland with the County, David Shanley with JCISD, & Buck Ford with Blanco ISD.

My pledge to you is simple: **we will meet your project goals, we will exceed your expectations & we will work hard to earn your trust.** I look forward to the opportunity to again work with Blanco County!

Best Regards,

Randall E. Fromberg, AIA, CEFP

Years providing A/E Services: 36 (Fromberg Associates was established in 1981)

Summary

Fromberg Associates is enthusiastically interested in this Blanco County assignment. For 36 years we have served public & governmental clients across Texas. Previously we designed the Blanco County Annex, Blanco County courthouse renovations, & the Blanco County North Library District New Library. We have also recently completed a FEMA funded community shelter for Victoria County in conjunction with the Bloomington ISD, & fire station additions for Bastrop County ESD-1.

Established in 1981, Fromberg Associates specializes in public facility planning. We have worked with well over 85 governmental/quasi-governmental clients and more than 700 projects which include facility planning, bond referendum logistics, new construction, renovations and reroofing. For the past 15 years, the Austin Business Journal has perennially named Fromberg Associates one of the "Top Architecture Firms".

Fromberg Associates has on-going relationships with various engineering & specialty consultants, with work histories of up to 28 years. We can assemble the best possible team to meet the requirements of your project & personnel.

Regardless if you need a room renovation or new physical plant, your project receives our firm's full attention. We are large enough to offer a depth of expertise, but each project still receives Mr. Fromberg's direct supervision. Combining a highly qualified staff and specialized consultants, we keep the building process smooth and on-track. We are particularly successful in optimizing construction cost and designing for simple maintenance, while maintaining a high quality built environment. Ultimately, intelligent building design delivers more value for your construction budget. Fromberg Associates has the experience and resources to meet your project goals within the program constraints ... on schedule, within budget, as planned.

YOUR DESIGN TEAM

YOUR DESIGN TEAM

"Although Fromberg Associates has larger customers and projects in their portfolio, we were always made to feel that our projects were important and valued. Randy Fromberg is an architect who really listens to his clients, and gives them what they need and want, and in our case, what they can afford!"

- *Cristy Daniels, Board President, Florence ISD*

Randall E. Fromberg, AIA, CEFPI | Principal-in-Charge

KEY STRENGTHS:

- Thirty-seven years experience in the field of architecture.
- Founder & Principal of Fromberg Associates since 1981.
- Has supervised the design of over 700 projects in Texas.
- Brings clarity and vision to the initial definition of each project.

LISCENSURE:

- Registered Architect, State of Texas, #10244
- Registered Interior Designer, State of Texas #3897
- Certified Educational Facility Planner, CEFPI

PROFESSIONAL ACTIVITIES & AFFILIATIONS:

- American Institute of Architects
- TSA Architecture for Education Committee & Government Affairs Committee
- Secretary, Council of Educational Facility Planners International, CTN Chapter
- TEA School Facility Standards Update Committee
- Judge, TASA/TASB School Architecture Exhibition - 1994, 2004, 2012
- Judge, Illinois Masonry Institute Design Awards - 1997
- Judge, Texas Masonry Council Golden Trowel Award - 2015
- Presenter, TASA/TASB Conferences

REPRESENTATIVE FACILITY PLANNING EXPERIENCE:

- Austin City Hall Programming Study
- Bangs ISD Master Plan, Programming & Bond Planning
- Blanco ISD Facility Study, Programming & Bond Planning (1995 & 2010)
- Burnet CISD Facility Study, Master Plan & Bond Planning
- Harper ISD Master Plan
- Johnson City ISD Master Plan
- Lago Vista ISD HS & Stadium Programming, Master Plan & Bond Support
- Marion ISD Master Plan, Programming & Bond Planning
- San Marcos CISD Districtwide HVAC & Reroofing
- Taylor ISD – Renovated high school to new middle school
- Three Rivers ISD Master Plan, Programming & Bond Planning
- International School Educational Facility Consulting (Yangon, Myanmar)

EDUCATION:

- 1978 Texas A&M University, College Station, Texas / Bachelors of Environmental Design
- 1980 Texas A&M University, College Station, Texas / Masters of Architecture

"Antonio listened to our concerns and effectively captured our vision into the design. His detail oriented approach; his well-rounded knowledge of school issues, and his ability to effectively problem solve and implement solutions, led to a great balance of value and aesthetics."

- Delores Warnell, Superintendent, Bloomington ISD

Antonio Naylor, CEFP | Partner

KEY STRENGTHS:

- Mr. Naylor joined Fromberg Associates in 1998 & was named a partner in 2015.
- Produces designs to complement environmental surroundings.
- Approaches projects with functionality concerns for end user groups.
- Keep projects on schedule with innovative solutions to real world situations.
- Utilizes knowledge of building systems to meet budget constraints.

LISCENSURE & ACCREDITATION

- Recognized Educational Facility Planner, Council of Educational Facility Planners International
- Certified Educational Facility Planner, CEFP

PROJECT LEADERSHIP EXPERIENCE:

- Austin ISD – Renovation & addition to Ann Richards School for Young Women Leaders
- Bloomington ISD - Various additions, renovations & athletic facilities
- Burnet CISD Bond Program - New high school campus for 1200 students, plus various additions & renovations
- Del Vale ISD - Administration Building
- Gonzales ISD, Capital Improvement Project - new elementary school; additions/ renovations
- Hempstead ISD Bond Program – elementary & high school additions / renovations
- Manor ISD “Kit-of-Parts” Elementary School at three locations
- Marble Falls ISD Bond Program - new elementary school campus, plus various school additions/ renovations
- Marion ISD, District Improvements – all facilities renovated district wide and (4) new additions
- Mount Pleasant ISD – High School Food Service Facility
- Texas A&M - Vet School Entry Addition
- Three Rivers ISD – New Senior/Junior High School and New Elementary School

PROJECT EXPERIENCE/ OTHER:

- Manor ISD - Blue Bonnet Trail Elementary School
- New Braunfels ISD - Memorial Primary School & Carl Schurz Elementary School
- Round Rock ISD - High School No.4, North Oaks Elementary School, Forest North Elementary

PROFESSIONAL ACTIVITIES & AFFILIATIONS:

- Killeen ISD, Annual Mentorship Program
- Austin AIA, Architects in School Program
- Architectural Registration Exam Candidate

EDUCATION:

- Texas A&M University, College Station, Texas / Bachelor of Environmental Design
- Advanced Certification Program in Educational Facility Planning/ San Diego State University

"Drew Cummings worked on a remodel project for us at our retail store in 2005. We found him to be very professional and quite talented in his design ideas and presentations. He was always on time with his drawings and we were very pleased with his work."

- John Hoffman, President 'J. Hoffman's'

Drew Cummings | Project Manager

KEY STRENGTHS:

- Practical, Functional, Innovative Designer.
- Believes in efficiently designing to meet clients' needs with strategic consideration of money and materials.
- Works well in goal-oriented group environments.
- Attention to detail.
- Experience in furniture, lighting and landscape design in addition to architectural skills.

PROJECT EXPERIENCE/ FROMBERG ASSOCIATES:

- Blanco ISD Elementary Additions & Renovations
- Blanco County Office Annex
- Comfort ISD Athletic Facility
- Damon ISD New Classroom Building
- Johnson City ISD Stadium Complex
- Karnes Electric Coop Additions & Renovations
- Lago Vista ISD New High School & Stadium
- Llano ISD Renovations
- Manor Transportation Facility
- Taylor ISD Additions & Renovations

PROJECT EXPERIENCE/ OTHER:

- Manor Stadium Complex
- Manor Administration Building Renovation
- Lampasas High School & Stadium
- Leander ISD Westside Elementary School
- Leander ISD Ronald Reagan Elementary School

PROFESSIONAL ACTIVITIES & AFFILIATIONS:

- Architectural Registration Candidate

EDUCATION:

- Texas Tech University, Master of Architecture.
- Texas Tech University, Bachelor of Science in Architecture.

"Clifton and I spent many hours studying many facilities to design an athletic complex that is efficient, beautiful, and extremely functional. Much of the success of the project is due to Clifton's persist and experience. Olney ISD got a very nice facility for a great price. I appreciate everything Clifton did for the Olney community."

– Tom Bailey, Superintendent, Olney ISD

Clifton Stuckey | Project Manager

KEY STRENGTHS:

- Experience in design, construction and construction materials fields.
- Efficient and responsive design within tight budget and project requirements.
- Organizing and synthesizing project and design requirements to best reach client's goals and needs.

PROJECT EXPERIENCE/ FROMBERG ASSOCIATES:

- Thrall High School
- Marion ISD High School & Elementary Expansion and Renovations
- Manor ISD Excel Academy Renovations
- Poteet ISD Addition, Renovations & Stadium Complex (CA)
- Taylor ISD Additions & Renovations
- Three Rivers ISD Elementary School

PROJECT EXPERIENCE AT OTHER FIRMS:

- Olney ISD Athletic Complex
- Holliday ISD Elementary School
- Holliday ISD Athletic Facility
- Wichita County Health Clinic Expansion

PROFESSIONAL ACTIVITIES & AFFILIATIONS:

- Architectural Registration Candidate

EDUCATION:

- Texas A&M University / Bachelor of Environmental Design

"The wealth of knowledge Fromberg Associates brought to the table made the building process much smoother."

- David Shanley, Superintendent, Johnson City ISD

Karen Fromberg, RPh | CFO, Health Care Planner

EXPERIENCE:

- Fromberg Associates, CFO, 1981- present
- Fromberg Construction, CFO, 2009 - present
- Seton Health Systems, Consultant
- Renaissance Women's Center, Director of Pharmacy
- Brackenridge Children's Hospital, Director of Pharmacy
- Innovative Pharmacy Services, Regional Director & Corporate Officer

LISCENSURE:

- Texas State Board of Pharmacy License #24157

PROFESSIONAL ACTIVITIES & AFFILIATIONS:

- Board Member, Travis County Federally Qualified Health Center
- Board Member, Gonzales County Health Facilities Development Corp.
- Secretary, Austin Area Society of Health Systems Pharmacists
- Member, American Society of Hospital Pharmacists

HEALTH CARE FACILITY PLANNING & COMMISSIONING PROJECTS:

- Seton Southwest Hospital, Austin, TX
- Seton Ambulatory Surgical Center, Pflugerville, TX
- Seton Ambulatory Surgical Center, Cedar Park, TX
- Renaissance Women's Center, Austin, TX
- Sandstone Center Psychiatric Center, College Station, TX
- Richards Memorial Hospital, Rockdale, TX
- Reeves County Hospital, Pecos, TX
- Iraan Hospital, Iraan, TX
- Mountain River Hospital, Idaho Falls, ID
- Touro Infirmary, New Orleans, LA
- Stoney Lodge Psychiatric Hospital, Ossining, NY
- Craig House Psychiatric Hospital, Beacon, NY
- Anclote Manor, Tarpon Springs, FL
- Goliad Pharmacy, Goliad, TX

EDUCATION:

- University of Houston / Bachelor of Science in Pharmacy

PROJECT EXAMPLES

PROJECT EXAMPLES

Blanco County Courthouse Annex

Project: Blanco Courthouse Annex
Est. Const. Cost: \$2,343,000
Area: 11,200 SF
Completion: December/2010
Contact: Judge Bill Guthrie
830-868-4266

The Blanco County Office Annex is located on the town square in Johnson City, Texas. It was conceived as (2) buildings separated by a Public Courtyard. The Courtyard gives deference to the historic courthouse directly across the street, contains native plantings, and provides a breezy area for recesses outside the Courtroom Building and Office Building. The courtyard is surrounded by a covered walkway canopy constructed of galvanized steel and cedar decking. Both buildings are sited off the street corners to preserve rows of trees along both sides of the property. The 6400 sf Office Building houses the County Clerk, Tax Office and Agriculture Service. The 4800sf Meeting/Courtroom Building sits opposite the Office Building. The Public Meeting Room and Courtroom are separated by a movable partition to provide flexibility. Limestone, metal roofing, and wood windows are utilized and detailed to relate the new buildings to the historic courthouse.

Judge Bill Guthrie

March 29, 2011

To Whom It May Concern:

It has been my pleasure and privilege to have worked with Randy Fromberg and his team at Fromberg Associates. Randy and his staff have completed two projects for Blanco County and I found their work to be accommodating, professional and thorough. I highly recommend their architectural services and excellent customer rapport.

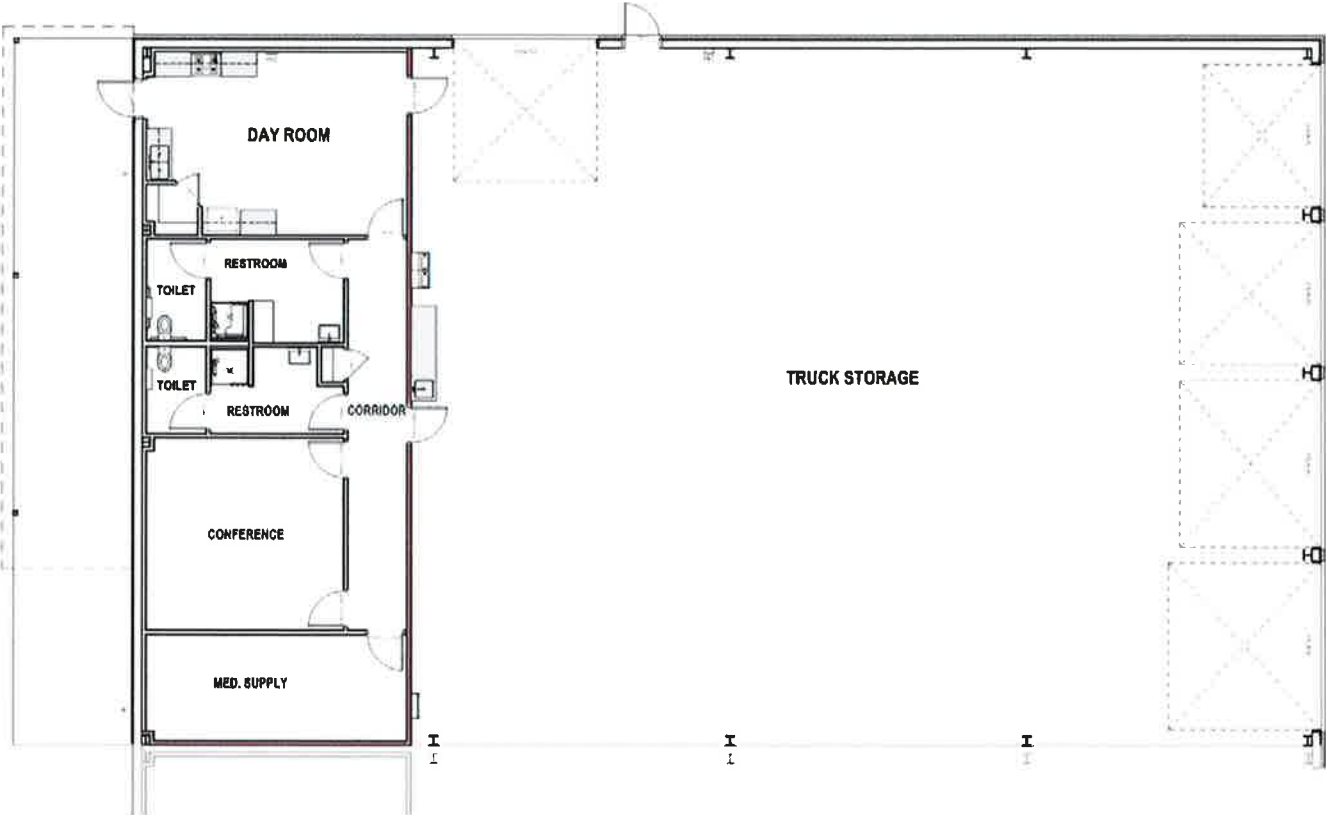

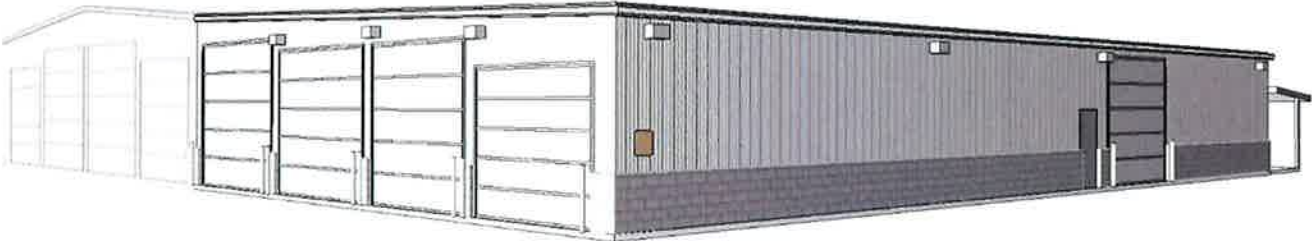

With warm regards,

Bill Guthrie
Blanco County Judge

Bastrop County ESD#1 - Elgin, Texas

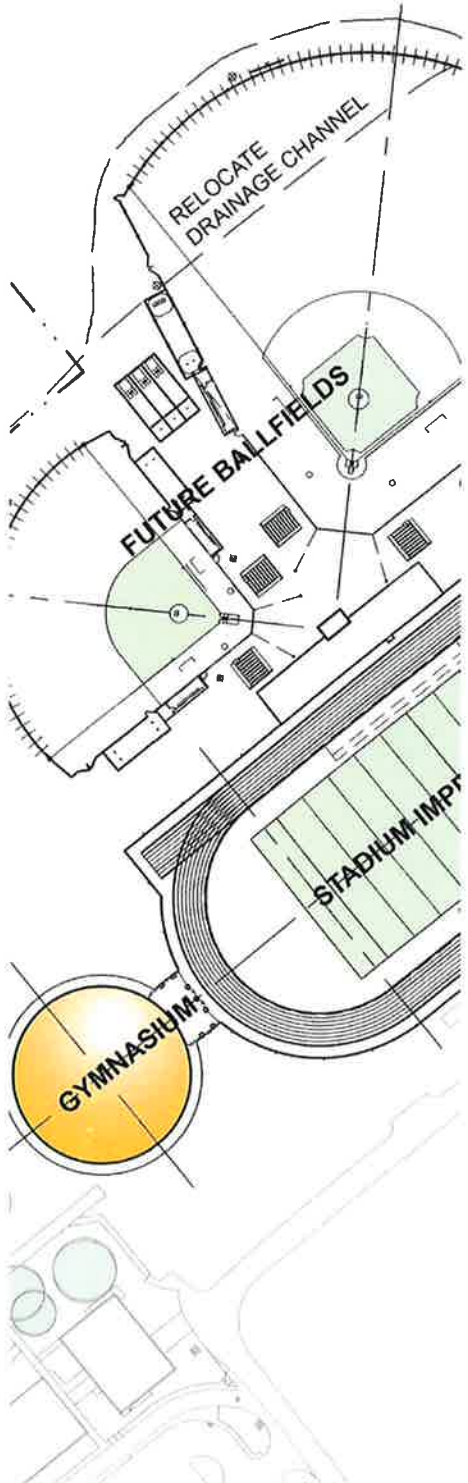

Project: Fire Station
Area: 6020 SF
Completion: October 2016
Contact: Stan Voelker
(512) 272-5458

Victoria County & Bloomington ISD

Project: Gym & Athletic Facilities
Est. Const. Cost: \$3,600,000
Area: 20,000 SF
Completion: 2014
Contact: Delores Warnel, Supt
361-897-1652

This new Athletic Complex will be utilized as a gymnasium and will also function as a FEMA-compliant safe shelter with capacity for 705 occupants. The team worked in concert with Bloomington's officials on the design, engineering and now construction of the dome, which is being built through the Texas Safe Shelter Initiative under the direction of the Texas Department of Emergency Management, funded through the Hazard Mitigation Grant Program. Innovative features of the 20,000 square foot project include its low profile roofline.

Blanco ISD

Project: Elementary School
Construction Cost: \$5,885,000
Area: 37,000 SF
Completion: May/2013
Contact: Dr. Buck Ford, Supt.
830-833-4414

Most communities have iconic school buildings which are either difficult to maintain or have fallen into severe disrepair. Planning for these structures is rarely pragmatic & is usually governed by a broad range of emotional responses. The hometown grandmother has a vastly different viewpoint than the new urban commuter. Negotiating this divide is a challenge but can create a rich common vision, as is evident in this project.

We began with a "subjective analysis" to determine the prioritized perceived needs of the district. Separate workshops were held with site based committee, district admin & school board. The results were reviewed & developed further with a broad based citizen committee. It quickly became evident that the 1885 schoolhouse was THE master plan keystone. By preserving the 1885 facade & walls as part of a state of the art educational environment, the district had a win-win solution that bridged divergent segments in the community & became xxxa positive focus for the project.

This project meets the challenge of integrating new building materials & systems with building components preserved after 130 years of use. New & old fit seamlessly, but with subtle distinction of each. Split-face CMU, limestone veneer & historic limestone blocks are in a complementary arrangement. The library, located in what has been an assembly space since 1885, will be used as a community gathering space. A renovated vestibule provides a secure public entry for the campus.

A gallery hall with rotating exhibits is located at the main entry to offer students a walk-thru history lesson built around found artifacts & photos of their school building's evolution over the past 130 years. Classroom wings flank common use areas for upper grades in the new building, while the cafeteria is relocated to a more campus -central location. By replacing all construction within the historic stone walls, all building systems & technology are fully integrated into the architecture.

Austin Executive Airport

Project: Austin Aviation Terminal
Est. Const. Cost: \$3,673,000
Area: 17,500 SF
Completion: October/2011

Fromberg Associates served as architect for the FBO terminal building for the new Austin Executive airport. Located 15-minutes from downtown adjacent to SH-130, Austin Executive Airport is a private development established by Mr. Ron Henriksen, a Houston businessman and pilot with over 40 years in the aviation industry. Opened in June 2011 the airport caters to business and general aviation.

As part of Austin Executive's \$33 million Master Plan, the airport boasts a variety of amenities including Henriksen Jet Center, a premier FBO terminal building with luxurious amenities, an 18,240 sq. ft. arrival canopy and a member of the Paragon Aviation Group. The 6,025-foot runway and 63,000-square-foot corporate hangar space can accommodate up to the largest corporate aircraft, including Gulfstream 650's and Global Express aircraft.

Austin Executive Airport is located at 6012 Aviation Drive, Pflugerville, TX 78660. Phone: 512-AIRPORT.

More information about the airport contact spokesperson Andrew D. Perry, A.A.E. at 281-945-5415 or visit our website at www.AustinExecutiveAirport.com.

Lago Vista ISD High School

Project: Lago Vista High School
Est. Const. Cost: \$25,250,000
Area: 136,000 SF
Completion: Aug/2014
Contact: Henri Gearing, Int. Supt.
512-267-8300

This project was conceived as more than just a high school, but the center of community life. A very strong arts group uses the PAC for multiple performances during the year. The athletic complex is the heart of community activities. The secondary gym is available for use after hours by all. The campus design has preserved the natural hill country landscape & employs a pallet of materials that speaks to that setting.

The building material pallet reflects both the landscape & the Texas hill country architectural style. This is expressed through the use of limestone building veneer, expanses of glazing that bring the outdoors in, & exposed building structure that is reminiscent of area agricultural buildings. Separating the PAC, fieldhouse & auxiliary gym help to reduce the scale of the building mass. The stadium's concession plaza overlooks the football field & the panoramic view of the lakefront beyond.

This is truly a 21st century schoolhouse. What was originally preconceived as a high school library ended up a student center after the decision was made to have no books. Through an agreement with the local library, students have access to 10x more volumes on-line than are housed in a traditional school library. Each student is issued a tablet computer, each classroom is outfitted with smart boards, & the entire campus (even the stadium) is networked wirelessly. No textbooks, no library, no lockers... but lots of learning!

Three Rivers ISD

Project: Three Rivers ISD
Jr High/High School
Const. Cost: \$10,025,000
Area: 59,385 SF
Completion: Aug/2013
Contact: Kenneth Rohrbach, Supt
361-786-3603

Foremost this school is designed to house students from 7th to 12th grade, with optimum use of common amenities, but maintaining the separation required for these different age groups. Interior glazing allows views in (to display learning) & out (to allow natural surveillance). Masonry is used extensively, interior & exterior, for areas accessible to student traffic wear. A soaring main commons area connects upper & lower grade entries, & serves as a lobby for library, office & computer labs.

This project was completed in 2013 with a building construction cost of \$140.55/SF, with no sacrifice in quality or features. This economy was accomplished using many innovative design strategies, including: using simple but dynamic building geometries, an efficient floor plan & optimizing building finishes. Rolling grilles allow public use of the library & technology center without compromising security. Future expandability is accommodated in the design to fit the district's master plan.

NEW 84" SKID STEER CHIPPER BUCKET FOR TAR & CHIP

These are great for smaller jobs that are not accessible by truck such as small driveways, walking paths etc. We have been building perfecting these for over 10 years. Working with paving contractors we have perfected them and they are built to work hard, work well and last.

This bucket will save you time and money.

The size is 84" wide x 36" deep x 35" high.
Universal quick attach that fits most skid steer loaders.
It has a hydraulically operated back door that controls the flow.

Click the link and see it in action

Hats Off to Texas Counties

Put a Hat on to Give a Hats Off to Texas Counties!

April is County Government Month.

Let's celebrate with a challenge! TAC is providing these hats that declare "Texas Counties Deliver" to be distributed to county officials and staff.

We know counties are an essential part of what makes Texas great. Let's show the world (including those folks at the state Capitol) that county government is where the rubber meets the road.

WE CHALLENGE YOU!

From April 24 – May 2, take pictures of yourself in the hat with fellow county officials, out on the job

or meeting with folks in your community. Post the photos to Facebook and other social media sites to let everyone know that Texas Counties Deliver. Use the hashtags **#TexasCountiesDeliver** and **#HatsOff2TexasCounties** on Twitter and Instagram.

You can also send your photos to txcountiesdeliver@county.org.

ACCEPT THE CHALLENGE! GET ON THE MAP.

Let everyone know your county delivers! TAC will host (and post on social media) a leader board. Make sure your county gets on the map today!
