

OSSF APPLICATION CHECKLIST

(All items below must be included with each application.)

- _____ 1. All appropriate spaces of application must be completed.
- _____ 2. Copy of current property tax receipt. *NOTE: The purpose of requiring the tax receipt is to show proof of ownership and legal property description. There must be no doubt as to who the property owner is on the application. If it is a recent purchase and the tax receipt is still in the previous owner's name, a copy of the deed of contract must indicate sale of property with both the seller and buyer's signatures on it.*
- _____ 3. Copy of deed of contract with original signatures of both buyer and seller (*if recent purchase and tax receipt is not yet in new owner's name*).
- _____ 4. 911 emergency service address must be on application. This may be obtained from the Rural Addressing office located in the County Courthouse in Johnson City (830)-868-2008. The blue number plate must be posted at the property entrance. *NOTE: The County Inspector **WILL NOT** enter the property if the 911 address plate is not visible from the road.*
- _____ 5. Professional design if required.
- _____ 6. Affidavit to the Public must be filed with the Blanco County Clerk if the system you are installing requires surface application. Detach and take to the Blanco County Courthouse in Johnson City, TX, and file with the County Clerk's office. Once it is filed, attach a copy of the affidavit to the application. **Filing fee: \$21.00**
- _____ 7. Copy of the maintenance contract with installer for aerobic treatment systems.
- _____ 8. Site evaluation and construction plan must be complete and attached with all required setbacks, dimensions and specifications.
- _____ 9. **All subdivisions platted after 1998 require 50-foot setbacks of the drain field from the property line.**
- _____ 10. Required fee(s). See attached fee schedule. *NOTE: All fees are non-refundable.*
- _____ 11. Copy of Power of Attorney (or letter designation) if someone other than property owner is submitting application. *Application must be in the name of the property owner regardless of who is submitting the application.*
- _____ 12. Blanco County requires minimum of 1000-gallon tank.
- _____ 13. Any land platted after 1998 requires a minimum of five (5) acres for septic system and well.

**PERMITS ARE VALID FOR ONE (1) YEAR ONLY
ALL FEES ARE NON-REFUNDABLE**

Site Review – Re-plat of OSSF purposes	\$50
OSSF Variance	\$50
OSSF Reinspection	\$45

AFFIDAVIT TO THE PUBLIC

THE COUNTY OF BLANCO, STATE OF TEXAS
CERTIFICATION OF OSSF REQUIRING MAINTENANCE

According to Texas Commission on Environmental Quality Rules for On-Site Sewage Facilities, this document is filed in the Deed Records of Blanco County, Texas.

I

The Texas Health and Safety Code, Chapter 366 authorizes the Texas Commission on Environmental Quality (TCEQ) to regulate on-site sewage facilities (OSSFs). Additionally, the Texas Water Code (TWC), 5.012 and 5.013, gives the TCEQ primary responsibility for implementing the laws of the State of Texas relating to water and adopting rules necessary to carry out its powers and duties under the TWC. The TCEQ under the authority of the TWC and the Texas Health and Safety Code, requires owners to provide notice to the public that certain types of OSSFs are located on specific pieces of property. To achieve this notice, the TCEQ requires a deed recording. Additionally, the owner must provide proof of the recording to the OSSF permitting authority. This deed certification is not a representation or warranty by the TCEQ of the suitability of this OSSF, not does it constitute any guarantee by the TCEQ that the appropriate OSSF was installed.

II

An OSSF requiring a maintenance contract, according to 30 Texas Administrative Code 285.91(12) will be installed on the property described as (insert legal description):

The property is owned by (insert owner's full name):

The OSSF shall be covered by a continuous service policy for the first two years. After the initial two-year service policy, the owner of an aerobic treatment system for a single-family residence shall either obtain a maintenance contract within thirty (30) days or maintain the system personally.

The owner will, upon sale or transfer of the above-described property, request a transfer of the permit for the OSSF to the byer or new owner. A copy of the planning materials for the OSSF can be obtained from the Blanco County OSSF Inspector.

DESIGN REPORT FOR ON-SITE SEWAGE FACILITY

OWNER/LOCATION: _____

SITE DESCRIPTION AND EVALUATION: _____

WASTEWATER DESIGN FLOW: This system is for a _____,
with the projected wastewater flow of _____ gpd per TCEQ.

DESIGN SPECIFICATIONS AND APPLICATION:

Soil Class	=	_____
Daily water usage	=	_____
Long term application rate	=	_____
Area required	=	_____
Total required length of standard lateral lines	=	_____
Leaching chamber total length of lines	=	_____

TANK CAPACITY: _____

OSSF SOIL EVALUATION

Date Performed: _____

Property Location: _____

Proposed Excavation Depth: _____

Name of Site Evaluator: _____

Registration #: _____

Requirements: At least two soil excavations must be performed on the site at opposite ends of the proposed disposal area. Locations of soil boring or dug pits must be shown on the site drawing. For subsurface disposal, soil evaluations must be performed to a depth of at least two feet below the proposed excavation depth. For surface disposal, the surface horizon must be evaluated. Describe each soil horizon and identify any restrictive features on the form. Indicate depths where features appear.

Soil Boring Number					
Depth (feet)	Textural Class	Structure (if applicable)	Drainage (Mottles/Water Tables)	Restrictive Horizon	Observations
0
