

Blanco County has a vacancy on the Capitol Area Council of Government's Aging Advisory Council. The position is nominated by the County Judge. The Aging Advisory Council was created to advise and assist the Area Agency on Aging. The council's 19-member body includes older adults, representatives of health care organizations, elected officials and others across private, public and community sectors. Council members elect a chair, vice chair and secretary. We are particularly seeking someone who is an older adult, someone who works with an organization for the benefit of senior citizens and/or someone who works with a provider of services for senior citizens. For additional insight into the functions of the Council, please refer to:
